Eezee-Grip®

Make digital x-rays a snap with the new

Digital Sensor Holder

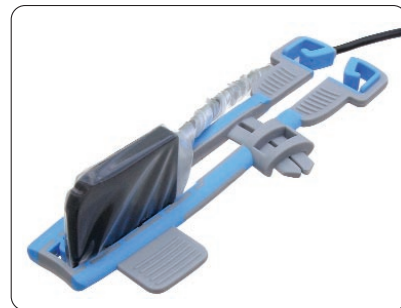

- ◆ Save time with quick, easy set-up. Simply insert sensor, squeeze, and you're ready to go.
- ◆ Patented flexible grips for patient comfort.
- ◆ Accurate positioning for distortion-free radiographs.
- ◆ Great for all anterior and posterior radiographs, including the third-molar region.
- ◆ Universal — accommodates most popular sensor brands.
- ◆ Designed for a snug fit to prevent sensor slipping.
- ◆ Fully steam autoclavable for complete patient protection. The holder may be autoclaved several times for easier movement of the arms.

55-0293 Eezee-Grip® Digital Sensor Holder

Works with virtually all brands of digital sensors, including:

Camsight	Image Ray	Schick
Cygnus	Instrumentarium	Sigma Biomedics
Dentrix	Kodak	Sirona
Dent-X	Lightyear	Suni
Dürr	Multimedia	Trophy
Escape	Planmeca	Visiodent
GE Healthcare	Progeny	XDR
Gendex
