#### **Day 2**

Why not head to the water for a great day of fishing. With harbors and marinas located across the Mississippi Gulf Coast, it's easy to catch a boat and reel in the big one! The beautiful waters around the barrier islands in the Mississippi Sound and offshore in the Gulf of Mexico are bountiful with a wide variety of fish. Favorite catches include Speckled Trout, Red Snapper, Grouper, Mahi-Mahi, Redfish and Cobia. The popularity of sport fishing has attributed to the numerous tournaments and rodeos held annually and the mild climate allows for year-round fishing fun.
