MOBILE APPS

MOBILE APPS ACCOUNT FOR **86%** OF THE TIME SPENT ON THE MOBILE WEB

YOUR CUSTOMERS CAN ACCESS YOUR BUSINESS
anytime, anywhere.

Mobile Applications bring your business to your customers' pockets. With a swipe of a screen, your customers can order products, make reservations, ask questions, or browse menus from your business anytime, anywhere.

Businesses can use mobile apps to:
- Connect with their customers
- Provide better support
- Extend special offers and coupons
- List their events

Keep your customers "in the know"
Push notifications allow you to quickly send messages to everyone who downloaded your app.

PUSH NOTIFICATIONS

If you had to reach all of your customers at once, could you? Send push notifications directly to your customers' phones from the ProFromGo Mobile App Dashboard.

FOOD ORDERING

Helping your customers order food on the go increases the number of orders, increases the amount of money spent per order, increases your repeat customer base, and boosts your bottom line.

POPULAR MOBILE APP FEATURES

NATIVE IMAGE GALLERY

Use the image gallery to display photos to customers, optimized for both Android and iPhone devices.

GPS DIRECTIONS

Allow potential customers to physically find you with advanced GPS turn-by-turn directions.

EVENT LISTINGS

Use your app to keep a complete list of business events as a means of informing customers of what is going on.

TABLE RESERVATIONS

Use your mobile app to take restaurant reservations.
