Our goal is to provide a safe and fun-filled day that celebrates our Country's independence with our unique and funky community traditions. We welcome both our local community as well as our many visitors to celebrate this day with us and our many community partners.

IF YOUR PARADE ENTRY IS SELECTED TO PARTICIPATE IN THE PARADE, IT IS MANDATORY THAT EACH PARADE ENTRY SUPPLY TWO SAFETY MONITORS TO ACCOMPANY ITS ENTRY/FLOAT DURING THE PARADE. Volunteer Safety Monitors must be at least 18 years of age and must walk beside, in front of, or behind the float entry. Monitors cannot ride inside of vehicles or on floats.

Parade Entry

Thank you for your interest in participating in the 4th of July Parade.

ALL PARADE APPLICATIONS WILL BE REVIEWED AND APPROVED OR DENIED BY A JURY. Completed applications and associated fees must be received no later than Monday, June 13, 2016, at 5:00 PM. Applications submitted without an application fee will not be considered. Late fees will apply if an application is received before the deadline, but payment is not received until after the deadline. All application fees are non-refundable.

The Parade Committee will notify all applicants of their application's status no later than June 24. The notice will indicate your entry status (selected/denied). If your application is selected, an entry number and the time you must report to the bottom of Swede Alley will be included as part of the notice. Line-up times will range from 8:30 AM-10:45 AM. If you have not received notification by Friday, June 24, contact Jenny Diersen at 435.615.5188 or Bob Kollar at 435.658.9608.

Those who are in charge of parade floats need to consider:

- How will you and the members of your float get to the event? Can you take Park City transit? Can you carpool? Where specifically will you meet your carpool? After the parade, where will you meet your family, friends, and parents of children in your float? Please do not just jump off the float when you see people. We ask this of you in order

to keep you safe. Please make a plan for meeting up with your friends/family after the parade has ended. Those on your float cannot get off of the float until the float reaches the 7-11 on Park Avenue.

- Make sure to wear comfortable shoes and clothing. The parade route is over one mile long. Wear sunscreen and a hat and bring water.
- Who is in charge of driving the float? When and where will the float be decorated? How will it get transported to the parade route? Where will you take your float after the parade? Please take precautions if using an oversized vehicle.

Parade Criteria:

Applications will be scored using the following criteria:

- (1) Completed application form with associated application fee and attachments as required.
- (2) Float/entry design as described in the Entry Description section below:

Materials – What materials will be used to cover what percent of your float? Include a detailed list of materials.

How does your float's design fit the theme of the parade?

How does your float's design represent the theme of your organization/business/community?

- (3) Relevance to the spirit and theme of Independence Day and Park City.

Parade Awards:

We value the uniqueness of our community. It is our community, our unique history and our culture that visitors come to Park City to experience. We challenge each parade applicant to think about how they can engage with the crowd of spectators. How can you innovate, create, tell your story? Remember, our community consists of people of all ages and cultures. How will your parade entry speak to them all? To honor your work, this year we will be giving awards in the following categories:

Community Spirit

Humor & Funk

Crowd Engagement/Crowd Favorite

Youth Award

Heritage/Traditions/History

Curiosity/Oddity/Talent

Parade Categories & Fees:

Why do we charge fees? – Parade application fees help offset parade-related expenses such as security, trash, road closures, etc. Application fees are assessed according to the status of the parade entry in the categories listed below. 1. For Profit Business – Application Fee \$400; Late Application Fee \$800

Dimensions & Descriptions

Dimensions and a description of your entry, including how it relates to the 4th of July Parade Theme must be included with the application. Include your entry's total combined length of all vehicles (including the appropriate spacing between vehicles) so we can allow the appropriate space for the pre-parade line-up of your entry on Swede Alley.

SIZE: Maximum height: 14 feet. Maximum width: 10 feet. Maximum length: 40 feet. These are maximum dimensions; your float may be smaller. Maximum number of vehicles per entry is three (3). Exceptions to size and quantity restrictions may be possible with prior written approval.

SIGNAGE: All vehicle entries must be identifiable during the parade (organization, individual, etc.) with at least two signs—one sign facing spectators on each side of the street and using large letters. Walking entries may carry only one sign. Signs with your entry number will be provided as you enter Swede Alley for line-up.

ADVERTISING: Signs provided by a sponsor should be in good taste so as not to detract from your entry and are subject to approval by the Parade Committee

Parade Rules:

Definition of Rules:

One set of explicit or understood regulations or principals governing conduct within a particular activity.

Why do we have rules?

Our utmost concern is the safety of our citizens and visitors. Please read the rules that we have below and understand that these rules are to ensure your safety and the safety of others. We want you to have fun, but you must do so in a safe manner so please read and follow each of the rules set forth below.

Construction & Safety

All entries must be constructed in a manner that ensures they are safe to operate and will not present a safety concern to other participants and spectators. We encourage you to be creative in your decorations and design of the float, but please be considerate of the safety of both those who are on your float and those who are spectating in the crowd. The Parade Committee may require, at any time including during the staging of floats on Swede Alley, that an item be removed from a float because it is deemed unsafe. Refusal to remove the item may prevent the parade float/entry from participating in the parade.

Operation & Transportation of Parade Entry

Only persons with valid driver's licenses are permitted to operate or assist in the operation of motorized vehicles. All motorized vehicles must have working brakes. Brake checks must be

administered prior to the parade start. All drivers operating vehicles must attach current proof of automobile insurance. Weaving, swerving and irresponsible driving are strictly prohibited.

Non-motorized entries (foot traffic, bikes, wagons, sleds, etc.) MUST be under control at all times and be able to keep up with the pace of the parade.

Safety Regulations

SAFETY IS INCREDIBLY IMPORTANT TO PARADE ORGANIZERS. PLEASE READ THESE RULES CAREFULLY AND FOLLOW THEM AT ALL TIMES DURING THE PARADE.

1. Alcohol is strictly prohibited on all floats.
2. Mind the gap! The leader and Volunteer Safety Monitors of each float need to mind the gap between your float and the float in front of you. Gaps create a potential safety hazard because the crowd will run between floats. Keep in mind that those driving floats have limited visibility.
3. NOTHING may be thrown by individuals participating in the parade. Throwing items causes people and children to run into the street to collect items, which creates a safety hazard. Additionally, the clean up from 4th of July is a large effort. Please pick up after yourselves.
 - a. Items may be directly HANDED out to those viewing the parade from people walking along floats. These items include, but are not limited to, stickers, candy, water balloons, small toys or unique promotional items. We ask that you do not hand out paper/fliers in an effort to maintain community sustainability goals. There are a lot of people on the parade route, so please plan accordingly.
 - b. Squirt guns, water pistols and water balloons are allowed only in specifically marked zones along the parade route. Please understand that these zones are created and enforced for the safety of both parade participants and parade spectators. Do not use water in non-water zones.
 - c. There are several “funky zones” that have been created to increase crowd engagement and add a bit of funk to the parade. Please be creative in how you are going to uniquely engage with the crowd in these zones.

Parade Route, Staging and Pick Up

Participants on parade floats/entries may be dropped off prior to the parade on the top of China Bridge parking structure via the Marsac Avenue entrance. At the end of the parade, all participants must wait to leave a parade float/entry until after the float/entry has reached the 7-Eleven on Park Avenue. Participants will not be allowed to leave the float at the entrance to City Park. This area must be free of congestion including all parade floats/entries/participants. Parents are highly encouraged to set up a pre-determined location (other than the entrance to City Park) to meet back up with their children who participated in the parade.
